

Capital Gymnastics Client Good-Faith Agreement:

I have received, read, and acknowledge the recommended Minimum Standard Health Protocols by the Texas Department of State Health Services and Capital Gymnastics' additional recommended guidelines, while on Capital Gymnastics properties. I also, agree to notify all other family members personally related to the student(s), attending training of this information. Capital Gymnastics additional guidelines are:

- We recommend dropping off your student(s) at the front door, provided you are comfortable with that and your child can attempt to maintain the physical distancing recommendation. However, if you must enter the building, please enter as one adult per family of student(s) in attendance. When arriving, please be kind and patient while allowing your child to enter the building. Our staff will be available to assist you.
- Lobby space is limited for viewing classes and office communications. All chairs will be removed and recommended spacing will be marked to assist you. When the number of clients begin to compromise the 6 foot separation recommendation, please be kind to others and take turns with the clients that have to wait outside until room is available.
